Please share this information with anyone and if you want to be added to the email list, e-mail [Theatre1806@regalcinemas.com](mailto:Theatre1806@regalcinemas.com) or to come by the theatre and give their information to a manager.

Also, in order to help grow our open caption movies we have to show the company how much the community enjoys the movies. We are already doing great by having a large turnout each week for open caption movie, but we can do even more to help. At the bottom of every ticket there is another piece of paper attached with details on how to give feedback on your experience. You can give feedback at [www.talktoregal.com](http://www.talktoregal.com), there you can enter your access code found with your ticket and share your experience here at the Regal Riverside 16.

If you have any other questions feel free to contact us. Thank you.
