GLAD, CODIE, OCDEAF, and TCGLAD are proud to serve our deaf, hard of hearing, and deafblind community through our high-quality services and we will not be able to do this without your support. Thank you.

GLADly,

Greater Los Angeles Agency on Deafness, Inc.
Center on Deafness, Inland Empire
Orange County Equal Access Foundation
Tri-County GLAD

On behalf of Greater Los Angeles Agency on Deafness, Inc. (GLAD), Center on Deafness, Inland Empire (CODIE), Orange County Deaf Equal Access Foundation (OCDEAF), Tri-County GLAD (TC-GLAD), and our outreach office, Bakersfield GLAD (under GLAD), I am requesting your support for Assemblymember Mullin's \$4.1 million budget augmentation to the Deaf Access Program (DAP) of Department of Social Services.

DAP constitutes of eight regional service agencies including GLAD, CODIE, OCDEAF, TC-GLAD, and B-GLAD that serve who are deaf, hard of hearing, late deafened, and deafblind individuals throughout the state of California. DSS has a funding cut of \$500,000 from DAP, which leaves us in a financial crisis this coming fiscal year starting July 1st.

These funding cuts affect deaf, hard of hearing, and deafblind community that need services from GLAD and other sister agencies. The cuts will reduce and prolong the services we need including:

- Direct communication access through sign language without interpreter
- Increasing job opportunities through educating employers about hiring deaf employees
- Advocacy for our rights as deaf, hard of hearing, or deafblind individuals

Researches show that out of all Californians who have different hearing levels, more than half are under age 65. Between 2008 and 2016, the number of Californians over the age of 65 increased by 28%. They also have difficultly hearing speeches and surrounding sounds. Our resources are uniquely specialized to serve those with different hearing levels from birth to old.

All centers' staff is uniquely qualified to provide service through American Sign Language and English. Without appropriate funding GLAD, CODIE, OCDEAF, and TC-GLAD resources will shrink each year. And the deaf, hard of hearing, and deafblind community will have nowhere to go for their support.

Your support for this budget item is critically important to the deaf and hard of hearing community who receive services from our centers, which are one-stop centers where direct communication is available for those who use American Sign Language.

Sincerely,
